Principles

All of the children and young people at The Forest School have special educational needs.

A child is defined as having Special Educational Needs (SEN) if they have a learning difficulty which calls for special educational provision to be made or if he or she finds it much harder to learn than children of the same age.

A learning difficulty means that the child either:

- a) has significantly greater difficulty in learning than the majority of children of the same age
- b) has a disability, which either prevents or hinders the child from making use of the educational facilities which are provided for children of the same age in a mainstream school

Special educational provision means educational provision, which is additional to, or different from, the provision made generally for children of the same age in a mainstream school. (CoP 2001, due for revision Sept 14)

Procedures

The Headteacher has the overall responsibility for the provision and progress of learners with SEND.

The Role of the Head Teacher Michelle Farr

The Role of the Governing Body

The Governing Body will, in co-operation with the Head Teacher, determine the school's general policy and approach to provision for all pupils, establish the appropriate staffing and funding arrangements and maintain a general oversight of the school's work.

The Role of the Class Teacher

It is the responsibility of all staff to:

- recognise that each child at our school is special

- Ensure the T & L is accessible for all children
- Ensure that due regard is given to children's EHCP outcome

Each teacher is responsible for his/her class and will identify learning objectives for all the children in the class and will provide a differentiated curriculum which will help the children to achieve those objectives. The class teacher will ensure that all children are fully included in all class activities and the full life of the school.

Monitoring and evaluating performance

‘All teachers are teachers of children with SEND’ (draft CoP 2013 5.2)

Monitoring and evaluating the progress of pupils with SEN is an integral part of our whole school system to monitor and evaluate achievement, teaching, behaviour and leadership and management. However, to ensure good life outcomes for this vulnerable group, additional, focused monitoring takes place. This includes:

- Monitoring and evaluating of interventions, including their value for money
- Focused analysis of data examining the progress of different vulnerable groups
- Learning walks and pupil interviews to evaluate the effectiveness of the strategies listed on provision maps
- Annual financial returns (e.g. part 7)
- Work scrutiny with selected pupil groups
- Detailed discussions with families and pupils
- Progress through a variety of transitions
- Attendance and exclusions analysis
- Feedback from support agencies and Ofsted
- Local authority analysis of information and data about the school

The governing body evaluate the work of the school by:

- Monitoring data with respect to vulnerable groups
- Challenging the leadership through informed questioning
- Meeting with parents and pupils
- Ensuring there is appropriate continuing professional development taking place for all staff with regard to SEND
