

Humanities

Hello Everyone

For this half term we will be doing a geography topic within humanities. We are going to look at seaside destinations around Britain. We will look at different seaside destinations around the coastline of Britain and look at different physical (natural) and human (man-made) geography of the places. This will build on the skills that you developed within our last Geography topic. I have included the human and physical geography PowerPoint to help you recall what we did.

You can research into the different places that we will look at each week, you may have even been to some of them yourselves. I will set tasks each week alongside a PowerPoint or video to support your research. Some seaside destinations have video cameras where you can watch a live stream of the seaside. Please ask for help with this from an adult.

I hope you are all safe and well and enjoy finding out about seaside destinations around Britain.
