

To all of Pathway 3 pupils,

I hope you are all safe and well and are staying at home. I am sure you have already done lots of learning at home, whether on specific subject skills or life skills. To support you all over the next few weeks the teachers on Pathway 3 will be putting together resources and activities for you to access each week on the school website. It would be great to see what you have been doing, so please share pictures of your work onto the Forest School Facebook page, or email them to school for them to be shared with the staff. Make sure you are staying safe and helping out at home. All of the staff cannot wait to be back at school with all of the pupils.

From Miss Jones and all of the staff in Pathway 3

To parents and carers,

All of the staff in Pathway 3 hope you are all staying safe and well. Things are difficult at the moment and we understand that home-schooling can be challenging at times. Do not worry about whether your child is doing enough. Anything that you do will be supporting your child to stay safe and well. The work that is being put together is to be completed over the week as you wish. There will be a folder for each subject area with resources and activities for your child to compete.

The tasks are in line with what the pupils would have been covering if we were in school. It would be good if you could encourage your child to complete some of the activities, but do not feel you need to do all of them. There is no pressure to complete any of the tasks, feel free to do what you can when you can. The tasks can be adapted if you need to for any reason. If you need any clarification, then please do not hesitate to contact school. Whatever you do will be great. The most important thing now is to stay healthy, happy and safe.

From Miss Jones (Pathway 3 lead) and all of the staff in Pathway 3
