

Me in the World

This term we are thinking about keeping ourselves healthy!!

This week, can you practise running laps in your garden?

It is going to be good weather this week so it will be healthy for you to get some fresh air.

How fast can you run around your garden? Could you ask your parents or carers to time you? Can you improve your time each day??

Mathematics

We shall continue to learn about time. This week, I'd like some of you learn the days of the week and sequence them correctly. Can some of you learn the months of the year and if possible, put them in the correct order.

There are work sheets to help you.

COMMUNICATION AND LANGUAGE

This week we are thinking about asking questions. Could you ask a grown up or a brother or sister what they have enjoyed doing that day? After they have told you something, could you think of another question to ask them?

Literacy

This week we are thinking about making a diary. This goes together with our Maths learning about days of the week. Could you either write or draw something that you have done each day and make it into a book? I have attached a blank template for you to use if you wish, but you can use any paper.

BS Class
Our Natural
World
Summer-week 2

Expressive Arts and Design

This week we shall begin to learn about healthy foods.

If possible, could you make a fruit salad with what ever fruits you have in your house. Ask a grown up to help you with the cutting up of the fruits.

It would be lovely if you could take a photo of your fruit salad.

There is a recipe sheet for you to use if you wish, but you can use any fruits that you have in the house.

Understanding the World

I hope you enjoyed looking at the different birds near your home last week. This week can you look for the different mini beasts in your garden?

Be careful to just look at them and not touch them. There is a mini beast hunt check list for you to complete if you wish.

Some of you might like to do some research on the internet about the mini beasts that you have seen.

Physical Development

Can you join in with an exercise session on the television or computer? There is Joe Wicks at 9.00am every day.

Or you could join in with a Cosmic Yoga session on You Tube, just like the ones we do in class. You could show your parents/carers how good you are at doing it!!!
