

## Me in the World

Staying safe

### Electricity in the home

This clip shows you how to stay safe in your home around electricity. Talk to a grown up about what you already know about staying safe round electricity then watch the clip.

<https://www.youtube.com/watch?v=Pr9YntO7V1U>

How many tips can you remember from it to keep you safe? Have a think about it.

Have a go at doing the safety sorting activity with a grown up too.

## Expressive Arts and Design

Have a go at making a lettuce wrap this week. You will need to ask an adult if you can, but they are very healthy and easy to make.

<https://www.bbc.co.uk/cbeebies/makes/d-own-on-the-farm-how-to-make-lettuce-wraps>

This clip shows you how to do it.

## Mathematics

This week we are learning about length. We are thinking about long and short, longest and shortest. There is a beanstalk worksheet to help you with this and I would like you to put the beanstalks in size order. Which is the shortest and which is the longest? Can you order the beanstalks from shortest to longest? Ask an adult for help when cutting out the pictures.

**from?**  
**Electricity safety**

## Science

Where does our food come from?  
Ask a grown up to help you and talk about where our food comes from thinking about in particular about milk from cows. Watch an episode of William Wiskerson about milk and how it gets to the shops for us to buy  
You can find this on you tube

How our milk gets from the farm to the shop | Geography - William Wiskerson

## Communication and Language

When you have read the story of Jack and the Beanstalk see if you can re-tell it using your own words or Makaton signs.

## English

This week we are going to read the story of Jack and the Beanstalk and I would like you to sequence the story with a grown up using the pictures on the worksheet. There are some role play masks to help you with this if you would like to use them. You only need to print out one or two to help you with the story. The story can be found on You Tube.

## Physical Development

Don't forget to keep your exercise up. Have you joined in with an exercise session on the television or computer? There is Joe Wicks at 9.00am every day.

Or you could join in with a Cosmic Yoga session on You Tube, just like the ones we do in class. There are lots of different stories you can choose from
