

Poetry Time

A haiku is a Japanese poem that does not need to rhyme. It is made of 3 lines which have a 5-7-5 syllable pattern. Syllables are the building blocks of words, for example volcano has 3 syllables vol-ca-no you can clap them out.
 How many syllables are in your name?
 Can you clap out the syllables in other people's names or other words?
 You could research and write your own haiku poem.

Reading (On Going)

Try to read at least one book a day with someone in your house. If you haven't completed the **Reading Challenge** keep going!

Practise saying the alphabet forwards and backwards!

The letter this week is ... **U u**.

Practise forming this letter correctly (you could do this with chalk outside or in shaving foam) and on the line.

(Handwriting sheets can be printed or used for guidance.)

How many words can you think of that begin with this letter? Say or write them down, ask an adult to test your spelling of the words you have thought of, or go to <https://www.phonicsplay.co.uk/#>

Mrs Brooke has set you an art project!

Here is a fun and easy activity for you to make. Colouring is a fun and easy way to learn. There is a great video, how jolly do. You can also make a paper and a paper tube. It is a great way to learn and a great way to be creative.

Keeping a Diary (On Going)

Write or draw a diary telling me about what you have achieved each day or week. Remember to write the date!

Some Ideas of what you could include:
 What games have you played?
 Tell me about a kind thing you have done each day.
 What learning activities have you completed?
 What have you watched or listened to?
 Photographs.

'Our Natural World' Challenges

Data Handling (2 Weeks)

First, you need to collect some data (information) by playing the fishing game <http://toytheater.com/fishing/#> then answer the questions.

Now collect your own data, this could be different coloured flowers on a walk or cars you see from your window. You can write down the whole number you see or keep a tally. Remember for a tally four lines then close the gate!

With the data you have collected make a pictogram, like on the fishing game. Numbers should go up and the information you have collect e.g. different colours along the bottom of your graph. Ask someone in your house some questions about the information you have collected, are they correct?

Number

The number challenge from Mrs Brooke this week is...

First to ten!

You will need:

- Two sets of number cards - make your own set by using the back of an old cereal packet. Draw a 5 x 2 grid and write the numbers 1-10

1	2	3	4	5
6	7	8	9	10

A timer - one on your mobile will do!

How to play:

- Each person has a set of number cards 1-10.
- Shuffle the cards. Spread the cards face down.

- Set the timer.
- When you press 'start', each of you must turn over your set of cards and arrange them in a line 1-10.

- Stop the clock when the first person finishes!
- Check each other's lines. Are they in the correct order?
- Practise doing this several times. What is your fastest time?

Now try the same activity but this way you have to lay the numbers out backwards, from 10 down to 1!

Extension:

Here are some ideas that you could use in order to extend the activity:

- Use the cards in two lines, one with odd numbers and one with even numbers.
- Extend the numbers that you use. You could have 10-20, 1-20, 20-30, 30-40 etc.
- Make a new set of cards that count on in twos, 5's or 10's.

2	4	6	8	10
12	14	16	18	20

Tom The Traveller

Tom has been very busy putting together activities for you. Each week choose one of two of the activities and complete. Can you complete all the activities this half term?

Understanding the World

We recycle a lot of paper but where does it come from? Watch Come Outside Paper to find out.

<https://www.youtube.com/watch?v=kMcAe8pXSII>

What facts can you remember? Toilet roll is also made from paper watch Inside the Factory <https://www.bbc.co.uk/programmes/p05dxtb6/player>

Can you recycle toilet paper?

Me in the World

Look at the **Home Learning Bingo** and **Outdoor Home Learning Bingo** instructions. Over this half term see how many of the challenges you can complete!

KEEP ACTIVE

Try and do 30 minutes of exercise a day! This could be a walk, run or a Joe Wicks PE workout. You could still get **Physical with your Name** or do any other exercise you enjoy.

Art

What animal can you make with a toilet roll tube?
