

<p>Humanities – History Kings and Queens</p> <p>This half term we are going to be learning about Kings and Queens. As an introduction to the topic you will be learning about the role of a Monarch. Look through the PowerPoint, work on the activities throughout and see if you can answer the questions. There is a Good or Bad Monarch rules sheet to look at. What rules do you think that you would have if you were a Monarch?</p>	<p>Literacy and Communication</p> <p>This week, we are reading to the end of Chapter 12 for <i>Matilda</i>, and there are two versions of the task sheet to choose from. We are reading up to February 26 in <i>Love That Dog</i> (again, there are two versions of the task sheets and I am so looking forward to seeing your poems!). Please continue to keep a record of what you do and when – as well as the online touch-typing courses (see previous clouds for further info) - and there are additional alphabet practise sheets, focusing on the difference between the upper and lower case letters; these can be repeated as many times as you wish to over the coming weeks</p>	<p>Visual Arts – Tropical Celebration!</p> <p>Read through the <u><i>Texture Turtle PowerPoint</i></u>, then search for textured surfaces around your home to create rubbings to decorate your turtle’s shell.</p>
<p>Me in the World - Ceremonies</p> <p>Read through the <u><i>Ceremonies Powerpoint</i></u> with an adult or another young person in your household. Discuss the questions together and complete the <u>worksheet</u>.</p>	<p>Pathway 3 Learning Cloud Week Beginning 1st June</p>	<p>Food Technology and Life Skills</p> <p>This week in Food Technology, we are planning and making Bob’s Dad’s Curry. This is a delicious Chicken Curry recipe which came from a restaurant in the North East. Look for the video on you tube</p> <p>https://www.youtube.com/watch?v=gyQoesyk11Y For LifeSkills, there is a ‘Getting Ready to Cook’ booklet, just to remind you all of the hygiene and safety standards that we expect from all of you.</p>
<p>Numeracy</p> <p>The maths challenges this week are designed to develop confidence with division and finding a fraction of a given amount. Students will be encouraged to take part in practical sharing and grouping tasks, using food, household items or toys. Practical tasks, rote</p>	<p>Science</p> <p>The weather’s still glorious so don’t forget to look after your sunflowers and peas if your growing them - and there are lots of ideas from previous weeks’ Science to get you outside. This week we’re looking at time – reminding ourselves about day and night</p>	<p>Physical Education GET ACTIVE!</p> <p>Try and do at least 30 minutes of activity every day, Joe Wicks is great at 9am live on You Tube Mon – Fri.</p>

<p>learning and calculator practise are all included in the challenges.</p>	<p>and the summer solstice – and challenging ourselves to make a sun dial and a 1 minute timer.</p>
