

Me in the World

In your learning pack this week, I have included a Pirate recipe!! It is a very healthy recipe called Cheese and Apple Pirate ships. Ask help from an adult to cut up the apple into slices. In your pack there are also the pirate flags that you can stick on top of your boats.

Mathematics

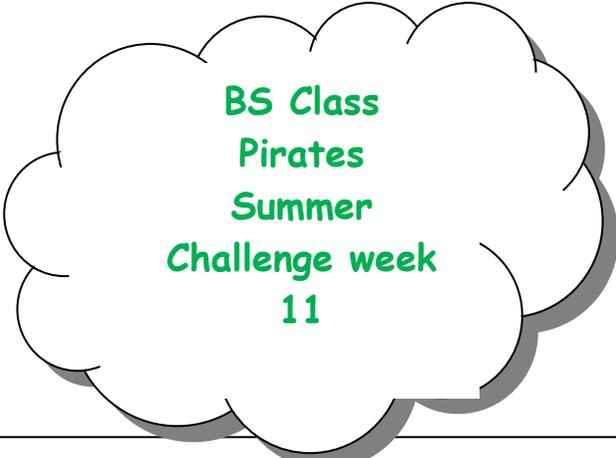

This week we shall be thinking money, your task is to calculate how much each of the ice creams costs. There are 3 different tasks for you to complete. Some are harder than others. Can you do at least one of them?

COMMUNICATION AND LANGUAGE

This week, I should like you to use your own means of communication e.g. speech, Makaton or PECS to re tell your parents/carers the story of Pirates love Underpants. You could use a funny pirate voice.

Literacy

This week I would like you to listen to the book Pirates Love Underpants on You Tube. In your pack there are sheets for you to write down something about each of the pirate pictures. Perhaps some of you could tell your parents about what you can see in the pictures and they will write it down for you. Other children will be able to have a go at writing their own sentences.

Summer
Challenge week
11

Expressive Arts and Design

This week, I am giving you template for you to design your own Pirate flag. You can use any colours and make your own original design. It doesn't have to look like a Jolly Rodger pirate flag.

Understanding the World

This week I'd like you to make a pirate treasure map. Maps show us where we are and where we need to go to find different places. They are very important. Can you make your own special map?

Physical Development

This week, I'd like you to have a go at doing Popcorn and the Pirates Cosmic Kids Yoga on You Tube. It's really good fun! Doing some exercise every day is really good for us it keeps us fit and healthy!!
